

April 12, 2019

Antigua Commercial Bank (ACB) will be upgrading its network to further improve our service to our valued customers.

Work will be carried out on the Bank's network this Sunday, April 14, from 2:00 a.m., until 5:00 a.m.

As a result, our Automated Teller Machines (ATMs), International Debit Cards, Credit Cards and Point of Sale Merchants will be affected.

ACB apologizes for any inconvenience that may be caused, and we look forward to serving you better, as a result of these upgrades.

Thank you.
